Silly Science Workshops

This week, the children in Reception, Year One, and Year Two had a fantastic time participating in a hands-on Science workshop. They deepened their scientific understanding by exploring new vocabulary such as "effervescent" and "reactions." The children discovered what happens when colours are mixed, built electrical circuits, and even experienced a couple of safe (and exciting) explosions!

A big thank you to Mrs Francis for organising the event and to INSA for funding this enriching workshop and supporting the children's learning journey.

Cross Country

Some children from each year group did a great job of representing our school at Cross Country this week. They enjoyed taking part in the races and overall we had a great morning! Thank you to Mrs Smith, one of our school Governors for accompanying the children.

Healthy Cooking

Reception children have had a blast this week cooking! They have made sugar free healthy scones and porridge. They tried three different toppings and nearly all the children asked for more!

Nursery Open Morning

A reminder that we are holding a Nursery Open Morning on Saturday 14th March. If you have a child who is 2 or older and would be interested in joining our school nursery, please come along to see what we can offer! We look forward to seeing you.
