November 2025

Dear Parents/Carers

Welcome to our first School Council letter.

We have really enjoyed meeting with Mrs Fairbairn to talk about lots of important things, including how to stay safe in school, school rules, and our plans for the upcoming year. We now have special School Council lanyards, which we wear during lesson times. There is also a display in the entrance hall that tells everyone who we are so please take a look next time you are in school.

We are excited to share with you our newly designed packed lunch rules poster! After discussing the old rules, we added an important new one: **Please do not bring flasks to school to carry hot food.** Flasks are often made of glass, which can be dangerous, and hot food near packed lunches can also be unsafe. We all agreed that if a child wants a hot meal, choosing a hot school dinner is a much safer and better option.

Our new poster will also be shared with new Reception parents next year.

Our next task is to talk about and review our lunchtime play resources. Since the beginning of September, lunchtime play has changed a lot! We now have a play leader called Mrs Gardner who helps set up exciting activities in the playground, including small world play, skipping ropes, and new basketball hoops! Our favourite thing is 'Boombox Friday' when Mrs Fairbairn plays music and we all dance!

We have more fun plans for the Spring term, including dressing up and parachute games. Plus, keep an eye out for an exciting competition we have planned for the Spring term—watch this space!

Have a lovely week.
