

Reception – Spring 1

'Talents and Powers' Home Activities

Learn your address and practise what you would say if there was an emergency and you had to call 999. You can practise this with a grown up using a pretend phone.	Create your own emergency vehicle. Think about its features – sirens, hosepipes, ladders; use bright colours! You could make your vehicles out of old boxes, bottle tops and cardboard tubes.	Create a thank you card to send to someone who has helped you. You could draw, paint or use collage materials to make your picture. Remember to use your best writing inside to say 'thank you' and to write your name.
Draw a picture of someone who has helped you in the last few weeks. Write a simple sentence to describe what they did. Remember to use your sound mat to help you.	Talk to a grown up about a special power you might like to have. What would it be and why would you like it? How would you use it?	Practise lots of counting to 10, both forwards and backwards. Count both objects and actions, making sure you touch the object or do the action as you count.

Please feel free to adapt the task to suit your child and present them in any way you would like. We do encourage the children to complete some of the tasks over the term as it supports their learning in class. An ideal way to do this would be to pick one task a week. Any of the tasks the children do complete can be shared on Tapestry.
